This Order Relates To:

Marble, *et al.* v. Snyder, *et al.*  
Case No. 17-12942

\_\_\_\_\_/

**OPINION AND ORDER GRANTING IN PART AND DENYING IN  
PART DEFENDANTS' MOTIONS TO DISMISS PLAINTIFFS'  
SHORT-FORM COMPLAINT**

This is one of the many cases that are collectively referred to as the Flint Water Cases. Defendants, a combination of private and public individuals and entities, allegedly set in motion a chain of events that led to bacteria and lead leaching into the City of Flint's drinking water. Plaintiffs claim that Defendants subsequently concealed, ignored, or downplayed the risks that arose from their conduct, causing them serious harm. These plaintiffs contend that the impact of what has since been called the Flint Water Crisis is still with them and continues to cause them problems.
